Wave Runner Thrill

Experience a sense of freedom as you enjoy the absolute thrill of being out on the open sea. The operator we like provides well-maintained wave runners (locals call them jet skis) which are much kinder to the environment compared to jet skis. They bask just beneath the water's surface and therefore do not damage the coral. Also, the units are meticulously maintained to prevent leakage of fuel into the sea. Enjoy the ocean with a clear conscience.

2hr-minimum rental per wave-runner.
