15 Reasons to Take a Group Spa Vacation at Mais Oui

- The villa and spa plus the rest of the entire property and its amenities are rented to one group at a time and are for the exclusive use of guests at Mais Oui. No strangers will be coming on property to invade your privacy. The only other people vying for appointments will be others in your group.
- You get to set the tone for your spa vacation. You can laugh and chit-chat all you want without fear of disturbing other people at the spa... or you can maintain a tranquil atmosphere.
- Our small size ensures a more personalized approach, not a spa conveyor belt experience.
- Our private villa setting allows you to have a truly comfortable experience. You won't feel self-conscious here. You can simply relax and be yourself around your friends.
- You avoid a fragmented spa vacation. We integrate spa services with the villa stay along with sightseeing opportunities that complement the spa lifestyle. If you so choose, you may go Rafting on the Martha Brae to experience the peace of gliding down a river on a bamboo raft ... or you may take the Bush Doctor Horseback Ride to learn about Jamaican folk medicine or partake in a number of other experiences.
- Your spa experience is not confined to the four walls of the dedicated spa area. Enjoy treatments in or outdoors!
- For spa vacations, we cater to smaller groups of 4-12 to ensure personal attention.
- Our on-site amenities ... steam room, hot tub, cold plunge pool, tennis, gym ... complement the spa experience, encourage relaxation and promote healthy life styles and choices.
- You can design your time at Mais Oui to be as active or as relaxing as you like. Stay on property or enjoy the adventurous excursions nearby ... Over 30 attractions within 30 minutes drive.
- Our spa packages include a selection of spa services with additional treatments available a la carte so you never have to pay for more treatments than you use.
- We offer a variety of treatments that are both therapeutic and relaxing and not simply nice sounding names that offer no benefit.
- Our treatments are described in simple language so you'll easily figure out which treatments you would like. Plus, our spa therapists are experts at helping you figure out which treatments would benefit you most. You have no worries about being intimidated by our spa menu.
- Meals at the villa are included in your stay based on your selected plan. No starvation plan here. Instead, we offer healthy but filling meals prepared daily. Meals highlight locally grown ingredients to ensure the freshest produce and the best taste.
- The whole family is welcome here so you can bring the kids if you like. It is truly your choice.
